

2022 Coon Rapids Sustainability Scorecard

	2019	2020	2021	2022	Category
1.1 Dollars spent on energy per square foot, per year	\$2.28	\$1.91	\$1.90	\$2.33	Energy
1.2 Electricity consumption for all city buildings (kWh)	5,496,349	4,852,671	4,904,470	5,478,417	Energy
1.3 Natural gas consumption for all city buildings (Therms)	235,516	213,235	231,083	241,063	Energy
1.4 Number of renewable energy installations (city-owned and private)	13	28	46	82	Energy
1.5 Generation capacity of renewable energy installations (kW)	102	536	1,952	2,661	Energy
1.6 Greenhouse gas emissions from city buildings & lighting (tons CO2)			4,949.17	5,434.51	
2.1 Gallons of diesel consumed by the city fleet	51,321	37,887	40,755	43,360	Transportation
2.2 Gallons of gasoline consumed by the city fleet	97,944	95,217	96,310	96,856	Transportation
2.3 Miles of new or reconstructed sidewalks & trails completed in the past year	2.6	0.99	1.42	1.78	Transportation
2.4 Number of public electric vehicle charging stations			6	8	Transportation
2.5 Percent of city employees commuting fewer than 20 minutes			74%	71%	Transportation
2.6 Greenhouse gas emissions from city fleet (tons CO2)		1,233	1,297	1,330	
3.1 Percent tree canopy coverage			41.6%		Natural Resources
3.2 Net number of new city-planted trees			301	303	Natural Resources
3.3 Residential gallons of water used per person per day	65.86	76.34	84.88		Natural Resources
3.4 Business gallons of water used per job per day	32.25	32.55	32.14		Natural Resources
3.5 Greenhouse gas emissions from city water distribution (tons CO2)			952	1,527	
4.1 Residential solid waste generated per city resident per day (lb)	6.9	7.0			Waste
4.2 Commercial solid waste generated per job, per day (lb)	17.0	19.1			Waste
4.3 Percent of residential solid waste recycled	52%	53%			Waste
4.4 Percent of residential solid waste composted			2.5%	3.1%	Waste
